d.o.b. November 6, 1965

Milano, Italy

Summary

- Senior Director with 30+ years of clinical research experience gained within the CRO environment. 6 years experience as a CRA, 2 years as a Project Manager, 15 years in Clinical Operations management, 7 years experience in Management of Regulatory and Start Up, overseeing Regulatory and Start Up delivery in EMEA and involved in major global initiatives in RSU optimisation.

Currently: Clinical Operations head for Italy and Nordic Countries (Denmark Sweden, Finland, Norway) **at IQVIA**, responsible for the local delivery of the clinical component of global studies. Heading a team of 130 staff. Reports in to EMEA leadership.

Worked at local level in Italy and across multiple countries in Europe and Africa and, functionally, at Global level Clinical portfolio leadership across all therapeutic areas. Have supervised or worked on several hundreds of trials for small to large size Customers. Have successfully built interaction with Investigators and Institutions in Italy while working as a CRA and PM. Experienced at leading small to very large teams up to 300 reports across multiple Countries and cultures. Expert at building talented teams executing Clinical systems/processes and Operational delivery with particular focus on enhancing performance, improving quality, reducing costs, and generating sustainable financial achievements. Experienced change leader skilled at leading operational, management and cultural enhancements.
